

Holiday Prompt Pack

Your Fastest Shortcut to
Creating, Marketing &
Selling This Season

Presented by: Cash Crafting Hub

How to Use This Pack

This pack is designed to help you create, market, and sell faster — without getting stuck, overthinking, or staring at a blank screen. Every prompt in this guide was built for speed, clarity, and results, even if you're brand new to AI.

Here's how to get the most out of it:

1. Pick a category based on what you need today.

- Creating a product? Promoting an offer? Writing captions? Start with the section that matches your goal.

2. Copy & paste the prompt directly into ChatGPT.

- If the prompt includes brackets like [paste info here], simply replace them with your details. Don't overthink it — imperfect info still works.

3. Always ask ChatGPT to “make it simpler.”

- If something sounds too formal or too long, ask AI to rewrite it in a clearer or friendlier tone. You're the editor, not the machine.

How to Use This Pack

4. Use prompts DAILY for momentum.

- Consistency beats perfection. Even 10 minutes a day keeps your audience warm, your offers improving, and your ideas flowing.

5. Don't wait for inspiration — generate it.

- If you feel stuck, ask ChatGPT:
 - “Give me 10 ideas based on what I already have.”

The more you use these prompts, the easier selling becomes.

6. Combine prompts for maximum power.

- Example workflow:
 - Use a product prompt
 - Use a caption prompt
 - Use a promo prompt
 - Use a CTA prompt
 - Post it

You'll create more in one hour than most people do in a week.

How to Use This Pack

7. Keep every output — reuse forever.

- Everything ChatGPT generates becomes content you can repurpose across:
 - TikTok, Threads, Pinterest, IG, YouTube, emails, blogs, sales pages, etc.

You don't need to master AI.

You just need to use it intentionally — and this pack makes it easy.
